

The adventures of Flat Bat!

- ✈️ Print out your 'Flat Bat' directly onto thick paper or card, colour your bat in any way you like, and then cut around the outline.
- ✈️ Glue on a strip of paper about 6cm long onto the underside of Flat Bat, leaving a loop big enough for your fingers, or attach your bat to a stick or a straw
- ✈️ Make creases in the wings to replicate the bat's fingers, bend his head up and gently pinch the ears to bring Flat Bat to life! — · — · — · *fold up* *fold down*
- ✈️ Take a picture of you & your Flat Bat roosting in interesting and random locations and send them to us to add to our Flat Batatalogue !!
